DMI Engineering College, Aralvaimozhi

2023 – 2027 (Pursuing)

CGPA: 7.0

Certification

Python Full Stack / Jclick Solution, Nagercoil

September-2025(Pursuing)

Internship

Full Stack Web development Intern / Researcher Lyceum Pvt Ltd

DURATION: JULY 2025

- Worked on a full-stack web application for personal financial management.
- Developed features like To-Do system, calculator, and balance sheet module.
- Used HTML, CSS, JavaScript, Python, and MySQL for development and data handling

Project

Student Management System (Core Java)

- Created a Java application to store and manage student details.

- Added features like adding, updating, and deleting student records.
- Used basic OOP concepts for better data handling.

Hospital Maintenance Management Module

- Developed a system to manage hospital maintenance activities.
- Used HTML, CSS, Bootstrap for frontend and Java with MySQL for backend.
- Helped in tracking service requests and maintenance records.

AI Based Traffic Management System (ATMS)

- Built a basic system to manage traffic using AI concepts.
- Analyzed traffic flow to improve signal timing.
